² In FOIA cases, the agency will typically identify the withheld documents and the basis on which they are being withheld by submitting a declaration(s). A *Vaughn* index consists of the government's affidavits (singly or collectively) "identifying each document withheld, the statutory exemption claimed, and a particularized explanation of how disclosure of the particular document would damage the interest protected by the claimed exemption." *Wiener v. F.B.I.*, 943 F.2d 972, 977 (9th Cir. 1991); *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 415 U.S. 977 (1974). The "purpose of the index is to afford the FOIA requester a meaningful opportunity to contest, and the district court an adequate opportunity to review, the soundness of the withholding." *Fiduccia v. U.S. Dep't of Justice*, 185 F.3d 1035, 1042 (9th Cir. 1999) (internal quotation marks omitted).
